

KALIQUE ABRASAX

My mother was born before your first cities were built.

Jupiter has seen too many horror movies not to be frightened.

JUPITER JONES

Are you like some kind of vampire race?

She smiles shakes her head.

KALIQUE ABRASAX

We are the cause of a lot of those myths but I promise my mother was just as human as you or I. The difference between us is our knowledge and technology. How old do you think I am?

JUPITER JONES

~~Forty-five? Fifty?~~ Late forties?

KALIQUE ABRASAX

I recently celebrated my fourteenth millennium.

JUPITER JONES

You mean you're 14,000 years old?

KALIQUE ABRASAX

14,004 to be precise. My mother was approaching her 91st millennium when she passed.

JUPITER JONES

That sounds like an impossible amount of time.

KALIQUE ABRASAX

You'd be just as amazed how quickly it goes.

JUPITER JONES

If your lives are so long, can I ask how your mother actually died?

KALIQUE ABRASAX

She was murdered.

JUPITER JONES

Oh god, I'm sorry. Did they catch who did it?

KALIQUE ABRASAX

...no.
